Hold Knights Of Columbus Initiation

Liberals To Meet In Lac la Biche

Liberal candidates in the last provincial election will meet in Lac la Biche August 1st to assess the results of the June 18 provincial election and to re-affirm Liberal policy. The meeting was called by provincial president Crawford Ferguson of Trochu and is being held in the picturesque northern Alberta town which is for the moment literally the last outpost of Liberalism in the province. Michael Maccagno of Lac la Biche was the only Liberal re-elected to the Alberta Legislature June 18th.

Mr. Ferguson stated the results of the election were certainly disappointing. He added however, that prior to the election there were indications of a pro-Manning sweep but nobody realized it would be so inclusive. Mr. Ferguson said the executive of the Association has heard no serious criticism of the Liberal effort or Grant MacEwan's leadership in the election campaign. He expected that the next annual provincial convention would review the election campaign and make a thorough study of the Party's constitution to clear up obscurities.

N. Hewko Declares Maccagno Elected

LAC LA BICHE — Nick Hewko of Grassland, returning officer for the Lac la Biche constituency, has announced final election figures and officially declared Mike Maccagno, Liberal candidate elected. Mr. Maccagno polled 1732 votes as compared with 1513 for Elwin Woynarowich, Social Credit candidate. Henry T. Thompson, Pros. Con. received 413 votes.

Lac la Biche

F. W. McMillan left the first of the week to attend a principals' course at the University of Alberta.

The local fire brigade were called to the E. Elodin home Sunday morning to extinguish a chimney fire. It was quickly brought under control with little damage reported.

Miss Vera Walsh principal of the elementary grades in Lac la Biche leaves shortly for a holiday at her home in Peterborough, Ont.

District Teachers To Visit Europe

HYLO — Joe Yurkiw, teacher at Lac la Biche during the last term and at Hylo previously, bade farewell to his friends here before leaving on a two-month tour of western Europe.

Miss V. Torreson, N. A. Chodin of Lac la Biche and Miss M. Meyer from Wandering River, all teachers, are going on this tour. They joined a group, 34 Albertans in all, who boarded the Saxonis at Montreal July 2. They intend to travel through France, Italy, Switzerland, Germany, Belgium, Holland, England and Scotland.

Miss Carol Keehn Feted On Birthday

HYLO — A birthday party was held in honor of Miss Carol Keehn June 30 at the home of her parents, Mr. and Mrs. Carl Keehn. Over 30 friends gathered to help her celebrate her 17th birthday.

The evening was spent in playing a number of games, among them the "scavenger hunt." Later, dancing was enjoyed on the lawn.

A beautifully-decorated chocolate cake with 17 candles decorated the table for the occasion and lunch was served buffet style.

Carol received many attractive gifts and pictures were taken during the evening.

How he got into the oil business, his newest ventures, and background are given as a page one feature in your farm supplement, Alberta Country Life.

Dr. D. D. Bouvier Named Grand Knight Of Lac la Biche Group

LAC LA BICHE — Sunday, June 28 saw the culmination of many years of work and organization when the Lac la Biche Council No. 4833 Knights of Columbus was brought into being.

True enough the Knights were established in St. Catherine's Parish some four years ago but up until last Sunday, they only existed as a sub-council of Westlock Council. Sixty members were initiated from various parts of the Province but the majority, 34, were from Lac la Biche and district and this now brings the membership of the newly formed council to 64.

The ceremonies commenced with a special Mass celebrated in St. Catherine's Church, by the Knight's chaplain Rev. Fr. Levert, O.M.I. of Lac la Biche Mission and the actual initiation was held in the afternoon at the Dr. Swift School and in the evening and excellent banquet was served in the Memorial Hall catered to by the Ladies of St. Catherine who even excelled themselves on this occasion, which entailed a great amount of work both in the preparation and the cleaning up after the banquet at which over 300 sat down to the tables.

The ladies who accompanied the visitors were entertained during the afternoon at the home of Dr. and Mrs. D. D. Bouvier. Mrs. Bouvier was assisted by Mesdames Stanley C. Powers, Lionel Vincent, Jerome Johnson and Rene Rizzoli as hostesses.

At the banquet M. Maccagno, M.L.A. was toastmaster and the persons sitting at the head table were introduced by James En-

LAC LA BICHE, SPEDDEN FISH PAGES INSIDE

Vacationers and weekend anglers will be interested in fishing news regarding the Lac la Biche district and the Spedden area. You'll find all the information you need to help you plan your holiday in the Alberta Country Life section that you receive along with your local newspaper.

Pope Appeals For Peace Invites Churches To Unite

VATICAN CITY — On the eve of the resumption of the Geneva talks, the Pope appealed to the leaders of the world's rival power to "try every approach" toward achieving peace.

The alternative, said the pontiff would be war in which terrible nuclear weapons would destroy victor and vanquished alike.

The appeal and the warning were contained in the first cyclical letter that the 77-year-old head of the Roman Catholic Church has issued since his coronation eight months ago.

The letter to bishops and priests was dated on the feast day of Saints Peter and Paul, June 20, and released for publication.

AN INVITATION

It urged the press, movies and and television not to bear false witness. And it "gently invited" the divided Christian faiths to reunite in the Roman Catholic Church.

The Pope himself said the encyclical dealt principally with "truth, unity and peace." Some of its most solemn admonitions were for the world's leaders to find their way to agreement.

Pope John did not place the blame on either side for today's grave international tensions.

Lac la Biche Man Killed

LA LA BICHE — Michael Greygus, 58, a farmer of the Bluejay district, died in hospital here Thursday of injuries suffered in a tractor accident Wednesday.

Greygus fell from his tractor and was run over by a tiller, police said.

Lac la Biche is 110 miles northeast of Edmonton.

Follow "Tour" In Country Life

As interest in the activities of the Royal Couple mounts, Alberta Country Life continues its series of pictures and features on Queen Elizabeth and Prince Philip. Share their adventures as the visitors travel across Canada, and as you look forward to their Edmonton visit on July 21.

QUEEN ELIZABETH'S WARDROBE would be the envy of Alberta women. These pictures show a few of the changes she made to suit each occasion. A visit in Toronto brought out the chic hat and dress in the picture at left. The queen wore a pink lace Hartnell gown centre with green and pink embroidery, garter ribbon and star to the provincial dinner in Ontario. At a sugar refinery, picked for royal tour because it was the first major industry brought to Toronto by the seaway, the Queen wore white-dotted apricot organza gown. She liked the refinery "because it smells so sweet."

THE Homemaker

By EDITH WITNEY

The current fruit fly, the cause of considerable waste in both current and gooseberry crops, can be controlled by DDT and Malathion. However, time of spraying and the method used are extremely important if satisfactory results are to to be expected.

Spraying should commence as soon as the blossoms begin to drop. The spray should always be applied, under pressure, to the backs of the leaves and to the centre of the bushes. In ten days time the fruit must be sprayed again. If these rules are not strictly adhered to wormy fruit will result.

The fruit fly, slightly smaller than a house fly and yellowish in color, concentrates on the backs of the leaves and the centre of the fruit bushes. When the young fruit is partially developed they lay their eggs in the berries where they hatch into little worms which can be responsible for heavy losses to the owner.

Mr. And Mrs. Ferdinand Plamondon Celebrate 50th Wedding Anniversary

Pioneers of Plamondon held their golden wedding in Plamondon when Ferdinand Plamondon with his bride of 50 years ago celebrated their anniversary beginning with High Mass held in St. Isador's Parish Church and with them were their bridesmaid and best man of 50 years ago. This is quite unusual.

Fifty years ago Ferdinand was married at Lake Leelaneau, Mich. to Regina Lamie also of Lake Leelaneau, Mich. Bridesmaid was Mrs. Alfred Richard, the former Emma Lamie of Florida, at that time of Lake Leelaneau. Best man was Mr. Willie Plamondon of Lake Leelaneau, but long time resident of Plamondon and Lac la Biche.

The High Mass and blessing of the bride and groom was followed by a reception at their eldest daughter's home, Mr. and Mrs. Sinclair Gauthier. Their 12 children were present along with grandchildren and great-grandchildren. Rev. Sister Marie Anne, a sister of the Misericordia of Winnipeg, their daughter was accompanied by Rev. Sr. Frances of Edmonton.

At 5:30 p.m. a formal banquet was held in the Pelican Hotel Club Room. This was attended by 60 persons.

Above the banquet table were gold and white streamers and white wedding bells. The table was centred with a beautiful three-tiered wedding cake decorated in gold and flanked with tall candles of pale golden color and two large bouquets of large yellow roses sent from the staff of the Misericordia in Winnipeg.

Otto Plamondon was master of ceremonies. Toast to the bride and groom was responded to by Mr. Ferdinand Plamondon in a touching speech. A dedication to their parents from all of the family was read by Rev. Sr Marie Anna. Several other toasts were given by Rev. Fr. Croteau, Willie Plamondon and several members of the family. Recitations, songs and speeches kept all the guests in gales of laughter. Mrs. Octave Chevigny touchingly sang "When Your Hair Has Turned To Silver" and "Silver Threads Among The Gold."

At the conclusion of the banquet the bridal party appeared at the dance in time for the traditional wedding march. A large crowd attended the dance.

Messages of congratulations were received from His Honor Lieut.-Governor Bowlen Premier Ernest Manning.

HISTORY OF FAMILY

In 1908 Ferdinand Plamondon came to Plamondon to settle then returned to Lake Leelaneau, Mich., then Provemont, to marry. His bride was the former Regina Lemie also of Lake Leelaneau, Mich. Returning here with his bride he farmed in this district.

Mr. and Mrs. Plamondon had 16 children. Three died in infancy and one son, Paul, was killed a few years ago in an accident at Trail, B.C. The other 12 members of the family were present for the wedding anniversary. The Plamondons have 57 grandchildren and nine great-grandchildren.

Out-of-town guests were as follows: Rev. Sr. Marie Anna of Winnipeg; Rev. Sr. Frances, Edmonton; Mr. & Mrs. Otto Plamondon and son of Fort Smith; Mr.& Mrs. Noel Plamondon of Trail, B.C.; Mr. and Mrs. Alfred Richard of Florida; Mrs. Fred Hanneburg of Lake Leelaneau, Mich; Mrs. Selina Schaub of Lake Leelaneau, Mich., and many from Lac la Biche.

For several days after the wedding parties were held by different members of the family before the out-of-town visitors returned to their homes.

Mr. and Mrs. Ferdinand are the fourth couple to have celebrated their 50th wedding anniversary in Plamondon.

Plamondon celebrated its 50th anniversary last year.

Crowds Keep Animals Awake

Edmonton's $500,000 children's zoo opened Dominion Day proved to be so popular that police had to be called to usher throngs from the grounds at the 7 p.m. closing hour.

"The animals need their sleep," said city parks superintendent Jack Wright.

More than 12,000 adults and children jammed the grounds in southwest Edmonton.

Onions and asparagus are both lily.

Lac la Biche

C. W. McFarland, who for 19 years taught at the Mangion School 8 miles south of Lac la Biche and for the past year has been teaching at the Owl River School, was honored at a farewell service held in the home of Mr. and Mrs. Fred Munawich, Owl River, June 24. Some 50 friends enjoyed the evening of singing, testimonies and a message from the Word of God. Guest speaker for the evening was Mr. Dan Goldsmith of Lac la Biche. Others taking part were David Cadieux, a former pupil of Mr. McFarland, Mrs. David Cadieux, who sang a solo and several pupils from the Owl River school. Mrs. Munawich served lunch to conclude the evening.

Mr. and Mrs. Hervey Marchildon were honored on their 15th wedding anniversary by a surprise party at their home June 30. The guests of honor were presented with a Spice Cabinet by the 29 guests present.

Those present for the occasion included: Mrs. L. Tardif, Lac la Biche Mission. Mr. and Mrs. Noel Plamondon, Trail, B.C. Mr. and Mrs. Paul Morin, Miss Reta Morin, Mr. and Mrs. Edmond Tardif, Mr. and Mrs. Gille Bouvert, all of Ferland, Sask. Mr. and Mrs. Louis Richard, Mr. and Mrs. Alex Plamondon, all of Plamondon, Mr. and Mrs. Louis Tardif, Mr. and Mrs. Albert Jirard, Louis Cloutier, Mr. and Mrs. Alfred Beaudoin, Lac la Biche Mission and Emil Tardif Paul Tardif, Mr. and Mrs. Willie Tardif, Mr. and Mrs. Louis Tardif, Lac la Biche. The ladies served lunch to conclude a very enjoyable evening.

Mr. and Mrs. Jack Wolstenholme spent several days holidaying in Okatoks with their daughter Mrs. Peter McLea and family and also with friends in Calgary.

Mr. and Mrs. Jake Klein and Eddie left June 28 for a three weeks motor trip to Montreal, where they will visit their daughter Marion and her husband, Ernie Supple and meet for the first time wee Patsy Supple, their new granddaughter. They also will be happy to welcome home their son Martin, who has been stationed in Germany for two years with the Queen's Own Rifles. Martin is expected to arrive in Montreal by air, July 2.

Lac la Biche Annual Sports Day Well Attended In Spite Of Rain

The Lac la Biche annual Sports Day held July 1, was well attended and in spite of rain showers in the afternoon and evening an excellent ball tournament was enjoyed.

In the men's Baseball, 1st round Boyle defeated Plamondon, Lac la Biche defeated Kikino and Wandering River defeated Grassland.

In the draw, Lac la Biche got the bye, Boyle defeated Wandering River. In the last game, Lac la Biche defeated Boyle 7-0.

In the Ladies Soft Ball, Lac la Biche defeated Boyle 8-7, and Plamondon defeated Lac la Biche 11-1.

In the Boys' Pony Team, Lac la Biche defeated Grassland 6-4.

The only home run of the day was made by Mike Mossick of Wandering River. For this achievement, Mike was presented with $5.00 worth of gas from Lac la Biche Sales and Service and a book of theatre tickets from Aurora Theatre.

Herb Erickson, who has won the championship award for Archery, gave a demonstration of this art.

Lac la Biche Sales and Service had a display of International Harvester Machinery on the grounds. The Legion ran a Fish Pond for the kiddies and the Lions sponsored a few games.

The Lac la Biche Fire Brigade had a First Aid Tent set up on the grounds with Miss Tiffin and Miss Stan, nurses of the Health Unit in charge.

The Ladies Aid and the Girl's Soft Ball Club were in charge of refreshment booths and the Ladies of St. Catherine and the Ukrainian Greek Orthodox Ladies operated a supper booth.

The semi-final game was interrupted for about 30 minutes because of rain and the final game of the day had to be called at the end of the 6th innings due to a very heavy rain shower.

The day closed with a Dance in the Memorial Hall.

Constable Calvert reported that though the traffic was very heavy most of the day, there were no accidents and motorists were most careful and considerate.

COUNTY OF ATHABASCA

Highway From Clyde To Athabasca To Be Black-Topped Next Year

MEANOOK—The County Council met here on June 25 and 26. This was the first council meeting after the June 18 Provincial election. Council Chairman A. Aloisio, newly-elected M.L.A. reported a talk he had with Hon. Gordon Taylor, Minister of Highways. Mr. Aloisio has been assured that the black-topping of No. 2 highway from Clyde to Athabasca would be in the 1960 estimates. One of the councillors inquired about Highway 46 and Mr. Aloisio replied that for about 16 miles, from Redwater to Abee, it was not in this constituency, but that as soon as hard surfacing reached the boundary of the constituency he would do what he could.

Minutes of the Municipal Committee meeting May 5 and 6 were read, and adopted. A discussion ensued as to whether the council should turn back the two extra Tournapulls they had used on a rental basis last year. It had been decided earlier to let them go, then occasion has arisen to use them, now rent was due, and should the council keep them or let them go. If they keep four they have a practical unit for long hauls and can break them into two units of two machines each for short hauls. It was left till later on in the meeting.

Minutes of the regular meeting of the County Council May 21, 22 was read and adopted.

Following reconvening after lunch the appointment of an auditor for the year was first on the agenda. After reading several applications and some discussion, Harris, Fingarson & Co. were appointed.

A delegation from Grosmont Mutual Telephones, Hubert Redden and Roy Manasterski, approached the council in regard to some help in clearing roadways for the new telephone line. The Grosmont company will be building 30 miles of line and the government will be erecting 20. In view of the possibility of needing wider roads in the locality, they wanted permission to go 16 feet inside the fence line. Council replied it was up to the farmer. A rather lengthy discussion ensued as to how the council could help, which they wish-to do, and found that it would be unable to give a grant on the work. Eventually, they decided to enter into a similar arrangement with the telephone company as they had with the R.E.A., which is mainly, that the council has to brush the roadlines in order to build roads, and as it is beneficial to REA's and telephone lines these organizations will remove and replace the fences if the council brushes and burns the brush.

Dan Kolach and John Pfau of Frains, approached the council in regard to a stretch of road in their district, used as a market road, which they said, badly needed gravelling. They also wanted to purchase the old Frains school for a church. They were told the road will be looked after as soon as possible and that the school would be advertised and they could bid on it. They also complained about the road the school bus had to travel.

A delegation from Donatville, headed by Harry Korbut, appeared regarding service on the school bus route from Donatville to Boyle. This was left to the School Committee as it is their department to look into school bus routes.

A delegation from Donatville, headed by H. Witney, appeared regarding the Amber Valley to Donatville road which had been promised four years ago by the Hon. Gordon Taylor under the Contingency Roads Fund. As it is now, the delegation said, most of the people in the area went to Boyle, but at times it was necessary to go to Athabasca. Now they have to travel 18 miles to reach the good road, when if the short cut were built, 8 miles would do the job. They had a sketch map and showed a road which followed high land with no muskeg. The road was partly a school bus route.

Chairman Aloisio said there were three roads promised the County under the Fund this year, but they would try next year to get it put on the list. He suggested they approach their member in order he could work on the matter in the meantime. A motion was made to put the road on the contingency list as soon as possible.

A request to open a country store to sell groceries on Sunday was held over till the Attorney-General's department could be contacted.

Fence claims and pound claims were dealt with.

Jack DeDenus, of Construction Equipment, arrived to talk about Tournapulls, and it was decided to keep them on on rental basis as last year.

Several road complaints from Electoral Division 9 were held until a councillor could be elected from the area.

Routine business from the file, tax sales, etc. brought the meeting to the applications for Office Assistant. Several applications were read. More material was needed on several and it was thought this would be available by Friday morning.

Meeting adjourned till Friday morning.

First thing Friday morning the council approved of interviewing one applicant and Secretary Leskiw was delegated to meet the applicant and to hire her if he thought her satisfactory.

The tenders regarding the sale of school buses were opened. A lengthy discussion ensued before reading the tenders to settle the reserve price on each unit. The matter was left for a time.

Meeting adjourned for noon.

After lunch by motion the ban on fire permits was removed, and a fence dispute was settled.

It was pointed out there is a by-law against throwing stones on roadways and council felt it should be enforced. This also applies to refuse and rubbish.

It is becoming increasingly difficult for the office to operate in two offices, widely separated. The meeting felt something must be done to get all the offices under one roof. Discussion as to what was essential and what would be ideal ensued. Plans were read from various other counties and municipal districts which had erected offices lately. Eventually it was decided to ask for sketch plans so there would be something on which to work and estimated cost of building.

Dan Lechky was added to the committee composed of Councillors Loxam, Davidiuk, Parr, Gault and Leskiw and they are to have a report, if possible by the time of the adjourned meeting, Tuesday, June 30.

They returned to the bus situation, and after some discussion, it was left to a joint meeting of the school committee and the county council on Tuesday, June 30.

A request to clean up the municipal cemetery at Boyle was met with the statement that other localities, Colinton, Perryvale, etc. had "bees" and cleaned up their own cemeteries.

Meeting adjourned to re-convene Tuesday, June 30 at 10:00 a.m.

BANKER EXPLAINS UNEMPLOYMENT

After Recession, Businessmen Found Didn't Need To Rehire

VICTORIA — Reason for the lag in employment behind this year's robust business recovery was pinpointed here by A. C. Ashforth, president of the Toronto-Dominion Bank.

Speaking to the Canadian Gas association meeting, Mr. Ashforth attributed it to last year's business recession which, he said, taught business executives and plant foremen how much industrial output can be obtained without substantial increases in the work force.

HAD TO CUT STAFF

"Many businesses simply had to cut staff to weather the recession," said Mr. Ashforth, who also is president of the Canadian Chamber of Commerce. "As the pace of activity quickened it was found that production could be increased within certain limits without appreciable new hirings.

"The result, of course, is a gratifying rise in national output per man hour," he said, adding that it is a lesson all of us might keep in mind as we enter another period of expanding economy.

Mr. Ashforth also predicted a sharp rise in business profits this year, although he suggested they might not reach the 1956 peak. This would involve a one-third rise over 1958.

(First quarter earnings in manufacturing, according to a recent bureau of statistics report, rose 12 per cent. over the like 1958 period.)

Declared Mr. Ashforth: "Certainly there will be need for increased profits as we approach a time when still further expansion of plants and equipment becomes necessary in many industries.

Canada's economic outlook for 1959 is bright, Mr. Ashforth commented.

Better Than Average

"This should be a year of considerably better than average growth, whether we compare it with the last decade or with the well-known forecasts of the next 25 years," he said.

"Gross national product should rise in volume terms by an amount not so very far off the increase recorded during the 1955-56 boom.

"Unemployment by the closing months of this year could be back very close to the normal rates expected at that time of year.

"And this might well be the first time in many years when we achieve price stability or something very like it."

Belgian Farmers Study Canada's Possibilities

On a tour of Canada to study opportunities for immigrant Belgian farmers, Jan Demyttenaere, of Brussels, visited Edmonton.

Mr. Demyttenaere is secretary-general of the newly formed Belgian Catholic Migrations Service. He conferred with H. Frank Campbell, district superintendent for the CNR department of colonization and agriculture.

The Belgian official said that one of the big problems of Belgian farmers is to find sufficient land. Some farms are too small to divide among a farmer's family. Also, there are farm production problems.

Mr. Demyttenaere cited as an example the case of one Belgian farmer who sold his 55-acre farm and with the proceeds was able to buy a 640-acre farm in Canada.

In Montreal, the official conferred with officials of the Catholic Immigrant Aid service.

While the Belgian Migration Service bears a Catholic name, its work is not strictly confined to that religion as Protestants or others may take advantage of the service, said the official.

Last year, approximately 1,000 Belgians emigrated to Canada out of a total of 2,000 who settled overseas. In addition, 8,000 moved to the Belgian Congo.

Later on the Belgian official left for Vancouver.

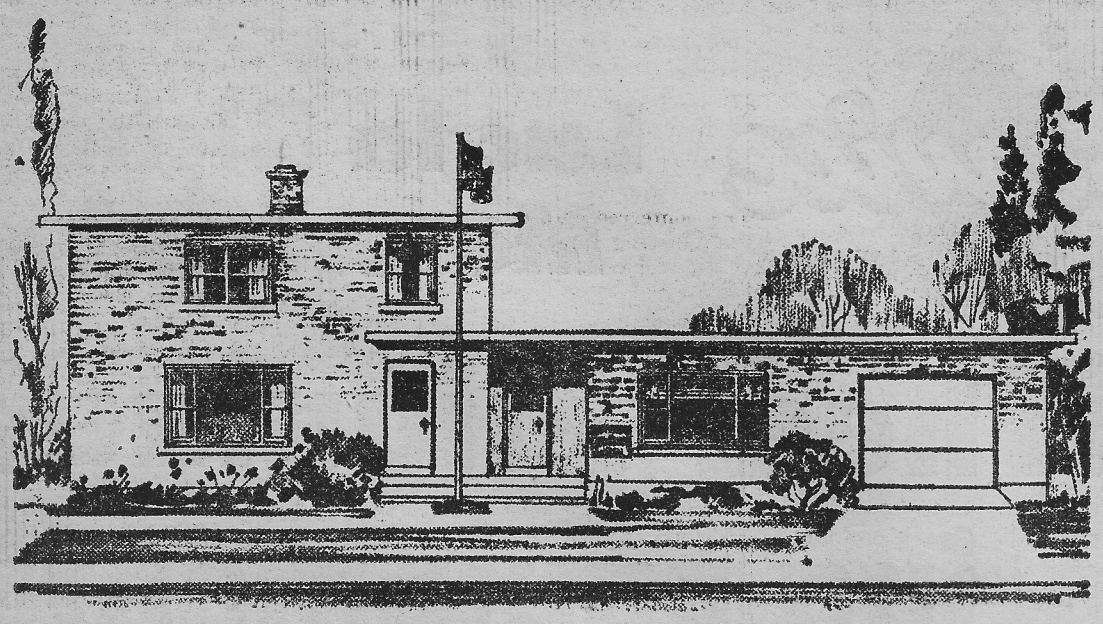
Alberta District News In Brief



MODERN RCMP detachment quarters will be built in Redwater on property purchased from Imperial Oil Ltd. for $1,000. Frank Fane, PC member of parliament for Vegreville, said he had received word tenders would be called soon for its construction.

To Call Tenders RCMP Quarters At Redwater

Tenders will be called for construction of detachment quarters for the RCMP at Redwater, it has been announced by Frank J. Fane, PC member of parliament for Vegreville.

The site chosen by the RCMP was purchased from Imperial Oil Ltd. in Edmonton for $1,000.

Mr. Fane said he had received word from the Hon. Davie Fulton, Canada's minister of justice, that approval has been given for the calling of tenders.

The detachment quarters consist of accommodation for married couples, including a living room, dining room and kitchen on the first floor, with three bedrooms and a bath on the second floor. There is a full basement under this portion.

There are quarters for two single members, an office, cell and garage facilities for a three-man detachment.

MAN KILLED ON ALASKA HIGHWAY

WHITEHORSE, Y.T.—One man was killed and three others injured critically recently when a bus and a car collided head-on near Watson Lake on the Alaska Highway 250 miles south of Whitehorse.

Melvin Raber, 19, formerly of Valleyview, Alta., was killed. He was driving the bus, operated by B.C.-Yukon Air Services of Watson Lake.

In critical condition here are mechanic Edwin Walter McPherson, 23. Richard Robert Strazer, 30, and his nephew, George Dunski, 16. They were flown here early Wednesday by an RCAF Dakota stationed at Watson Lake. Also aboard was John Charles Blackham, 36, driver of the car. He was not detained in hospital.

All are from Watson Lake.

Blackham, a pilot, walked about two miles for help following the crash.

Vegreville Square Dancers Hold Big Dance Jamboree

PARK GROVE — The Vegreville Jolly Miners held a very enjoyable Square Dance in Arts big Red Barn on a recent Saturday night.

There were over 11 squares with Early Klendenning of Grande Prairie, Ken Waring of Marsden, Vance Shippy of Albert, Walter Donningworth of Mannville and Gordon Ziegler of Vegreville assisting Art with the calling.

Visiting clubs represented were Mannville, Albert, Edmonton, Lloydminster, Marsden, Heinsburg, Grande Prairie, North Battleford, Phippen, Sask; Provost, Lashburn, Vilna, Hairy Hill, River Course and Minburn.

Spectators were from Spokane, Wash; Lavoy, Calgary, Caslan, Edmonton and Vegreville and district.

The evening was topped off with a delicious lunch of sandwiches and coffee and strawberry shortcakes and ice cream.

Car Overshoots Fedorah Corner, Driver Killed

A car overshot a curve, hit two guard poles and hurtled into a water-filled ditch on Highway 28 killing the driver.

Serge Onishenko, 38, of 12620 68 St. of Edmonton was driving alone when the accident occurred at the Fedorah Corner, 10 miles south of Redwater on Highway 28 at 7:30 p.m.

Redwater CMP investigating the accident said apparently Onishenko lost control of his car as he rounded the corner. After striking the guard poles, the car swerved off an approach road and landed upside down in the water filled ditch. Onishenko was travelling toward Edmonton at the time of the accident.

Time of the accident was fixed by nearby residents who heard the crash and investigated. A passing motorist called the RCMP and the ambulance from Edmonton.

Dr. R. J. Lastiwka of Radway has ordered an inquest.

Mr. Onishenko was the owner and operator of United Lumber Yards in Edmonton.

District Oldtimer Visit DeBolt Home

SPIRIT RIVER — George DeBolt of DeBolt, accompanied by Dave Goodwin formerly of the Goodwin district which is just halfway between DeBolt and Goodwin's crossing on the Big Smoky River, arrived in Spirit River June 22 for a visit with the H. E. DeBolts.

Dave and his brotner Jim left the district in March, 1926, just over 33 years ago, and while Jim possed away about a year ago neither had been back. Dave, who is 80 years of age, with his brother operated two stopping places on the Old Edson Trail: one, known as the Hay Camp was two miles west of the the Goodwin's Crossing where they DeBolt village, and the other at also operated the ferry.

Dave has met many of his old time friends and he states "this is the best time I have eved had in my life, and my, oh, my! what a change in 33 years!"

He is retired now and lives in Vancouver.

Opening Of Spirit River Water Treatment Plant Is "Memorable"

By H. E. DeBolt

An event long to be remembered took place Wednesday afternoon June 24 when the Hon. J. Donovan Ross, Minister of Health was the main speaker and also officiated at cutting the ribbon in the opening of the Spirit River town's FILTER and water TREATMENT plant located just south of town at their water reservoir.

Other speakers introduced by Mayor George Kosowan were Mr. De Jong of Burwash and De Jong Engineering Firm of Edmonton who designed and constructed the plant which is of the latest type and doing excellent work.

O. A. Fimrite, Socred MLA, introduced Dr. Ross.

On hand to witness the ceremony were the Mayor George Repka and Councillors Perkins and Tierman of the City of Grande Prairie. G. R. Johnston representing Grande Prairie County as well as officials of the town of Peace River, Falher, High Prairie and Girouxville. After the speeches an inspection of the plant was made by the 50 or so present, while the ladies of the Rebakah Lodge served doughnuts and coffee. 49 were served at a banquet dinner in the Legion Hall at 5 p.m.

Others present from the Department of Health were J. D. Campbell of Department of Health and two Hospital Inspectors, Mr. McClean and Mr. Protti; Dr. Brown of the G.P. Health Unit; Dr. Law, Coroner, as well as interested citizens of Hines Creek, Grimshaw and Donnelly. Mr. George O'Brien, E. Harrison and Ron Walker of Canadian Utilities and Sam Gilliland of Northland Utilities, and Dale Robertson of Fairbanks-Morse Co.

This day perhaps marked the biggest step forward ever made by Spirit River and a great addition to the health and happiness of her citizens.

Vilna Students Donate $13 To Red Cross

VILNA — The Vilna Grade five students had a big jar of marbles to raise money for the Red Cross; they were selling tickets or guesses as to how many marbles there were in the jar.

The jar was in the school for about two weeks and one June 20 the winner was declared and the marbles were counted. The lucky winner was Miss Betty Viteychuk and her prize was all the 638 marbles that the jar contained, as her guess was 632 the closest. The students raised $13.00 for the Red Cross by this little stunt.

Former Resident Dies At Coast

SALTAUX—The sympathy of the district goes out to the family of the late Riley Emmott who recently passed away very suddenly in Victoria, B.C.

He was an old timer of the Saltaux District and leaves to mourn his loss his loving wife, in Victoria, B.C., two daughters, Mrs. George Allen of Victoria, B.C., and Mrs. Frank Renspies of Saltaux and four sons, Lister, Albert, Clifford and Allen who all reside in this area.

Rev. Holter Gives Farewell Sermon

MINBURN—Rev. I. Holter held his last service here after spending five years as a friendly minister and fellow-citizen of the Mannville, Minburn, and Innisfree charge.

The United Church held a large congregational gathering who wished the Holters a fond farewell.

The ladies served lunch in the basement after the service. Rev. Holter will be the minister in the United Church at Okotoks.

ABUNDANT LIFE

by ORAL ROBERTS

FAITH IN GOD'S GOODNESS

When I use the words "faith in God," I mean that I believe God is, always was, and always will be GOOD.

I have faith in a good God and in that God's goodness.

What does "good" mean?

Certainly, it does not mean disease. It does not mean poverty. It does not mean fear. It does not mean hate. If it does not mean any of these things, it must mean their opposites. It must mean everything in the world that makes us feel glad we are alive.

As a son or daughter of God, are you supposed to be weak, ill, afflicted, confused, idle, poor, ineffectual, despised, inferior, helpless, friendless, loveless, unhappy, unsuccessful, faithless, childless, and so on? Are these things good? If God our Father is good, does he have these things in mind for his children?

I do not believe it.

I believe in God's goodness, and I see no goodness in any of these things. I did not have faith when I lay in my bed, dying with tuberculosis in both lungs. I did not believe in God's goodness then. But my father believed, and he was prepared to stay up all night, if necessary, praying for me. He did not ask God to make me well. He asked God to restore my faith in God's goodness. That's where I got my understanding of first things first. First faith—then recovery.

The goodness of God becomes apparent through faith. Of course, there seems to be a logical pattern in everything. If we had all the facts, we could reason it all out as we do a mathematical problem.

For instance, we can start with the statement that God is not a man. Now, what does not being a man mean? Is a man omniscient? No. Man is learning every day how little he knows. Is he omnipresent? No. Even in the fastest of jets, man can be only in one place at a time. Is man omnipotent? No. The laws of nature restrict him. Man cannot heal incurable organic diseases.

But God is omnisicent, omnipresent and omnipotent. All the things man cannot do, God can do. Going on with logic, it doesn't appear reasonable that a being who is all-wise, everywhere present and all-powerful would misuse his greatness. If he did, he would not be God, but a devil. Almost everyone believes in the badness of the devil, but the thing desirable and needful is belief in the goodness of God.

My tuberculosis was not of God; it was of the devil. Tuberculosis is not good, but evil. My healing was not of the devil, but of God. Healing is good, not evil. My healing was not of man, but of God—for man had not yet discovered a cure of tuberculosis when I had it. Healing is an act of goodness. It is an act of good power.

My faith is in a good God and in that God's goodness.

What is your faith in?

Need More Shareholders For Golf Club, Fairways Soon To Be Ready

The Lac la Biche Golf Course is situated in a very picturesque location on the lakeshore three miles from town. The setting includes some of the most attractive scenery which can be found anywhere in Alberta. The panorama which one views from the higher elvations is breathtaking.

The club was organized a little less than a year ago. Officers at the present time are: President, Dr. Bouvier; Secretary-Treasurer, H. Linnell; Executive members, R. Rizzoli, J. Williams, E. Shanks, J. Stewart, J. Zaluzny, L. Vincent, F. McMillan. Only about half the executive members have ever played the game, but all are enthusiastic about this wonderful outdoor sport.

The former Joe Albas property was purchased and the course laid out last fall. Some work was done on the fairways at that time, but winter came before they could be fully prepared and seeded.

This spring the fairways were plowed, worked down and seeded to grass by Arthur and Orphir Cadieux. Since the abundant rains the grass is growing nicely. It now appears that golfing may be possible in the near future.

One essential item of equipment, a set of mowers, has been purchased from the St. Paul Club.

From the foregoing, it might appear that the club has all it needs to operate. However, one shortage still exists, and that is in supporters. To go forward on a sound basis, more shareholders are needed. A golf course is an extensive undertaking, built to supply pleasure and recreation to a large number of members. The Lac la Biche course is very favourably located to serve the needs of the whole family. While the golfing members are playing, the non-players can picnic on the beach.

The President and all the executive members have expressed great willingness to provide all the information which prospective members may desire. Many more can be accommodated, and are heartily invited to join.

JOYCE DAVIDSON
. . . centre of storm

CBC Star "Shocked" After Shocking Others

Joyce Davidson, CBC, star of Tabloid said on the Dave Garroway show in New York that " like most Canadians I am indifferent to the visit of the Queen."

Her statement raised a storm of protest and some have demanded that she be fired by the CBC, Mayor Nathan Phillips of Toronto, Ont., has demanded an apology but Joyce feels there is nothing to apologize for. She firmly believes any Canadian has a right to any opinion, pro or con.

However, Joyce will not return to Tabloid for a while as she is taking a leave of absence so as not to embarrass the CBC with her presence. She also says it upsets her to find so many people willing to restrict freedom of comment, "Not mine, particularly, but anyone's." The ferocity of some of the comments she has received since coming back to Toronto is quite alarming.

Build Road To 108-Acre Camp At Lake Isle

A road is being constructed into the 108-acre grant on Lake Isle, 50 miles west of Edmonton, R. T. Sewell, president of the Alberta Children's Camp Council, told the Alberta Council for Crippled Children and Adults.

The camp council aims at providing summer camping facilities for those children who are handicapped, either mentally or physically.

Last year it ran a "pilot" camp for 14 children at the Edmonton Federation of Community Leagues Boysdale Camp, northeast of the city.

A second camp will be held there this summer.

In the meantime, work will be progressing on the government grant. The blueprints, layout and supervision of construction will all be carried out under the direction of the province, Mr. Sewell said.

It is hoped that the camp will be ready for use by next year and when complete, will be able to handle 360 children during the summer season.

UTILITY RATE STAYS AT 7.5%

The Alberta Board of Public Utilities Commissioners has ruled that Northwestern Utilities Limited's rate of return will remain unchanged. The rate is 7.5 per cent.

Board Chairman R. D. Henderson anounced ther uling, resulting from a series of winter hearings on Northwestern Utilities' application for higher rates in Edmonton.

The decision of the board has the effect that while the old rate of return is unchanged, the company is given permission to seek higher customer rates to take care of certain increased expenditures approved by the board.

MOST EDMONTON businessmen wouldn't be offended if one of these pretty stewardesses for Western Airlines and Braniff International Airways made a goodwill call to their office. That's what Western Airlines officials thought, too, in their efforts to promote the new aerial trail between Alberta and the oil centres of Texas and Oklahoma. Their names? Well, a ticket on the right plane might get a fellow an introduction to one of these southern belles.

U.S. Airlines Pep Flights Into Alberta In Drive For More Biz

Edmonton's importance as an international air centre continues as two major U.S. airline firms make strong bids for increased business in northern Alberta. They are Northwest Orient Airlines and Western Airlines.

Both have thrown big DC-6B 66-passenger airliners into the drive for more Canadian business.

In June, Northwest bumped the number of flights between Edmonton and its headquarters in Minneapolis-St. Paul from five to 15 a week. This service now includes a flight to Anchorage, Alaska.

Before the Department of Transport gave the NWA the grant to supply daily flights to Minneapolis, there were only local flights between that centre and Winnipeg and Edmonton.

A team of stewardesses and salesmen invaded the oil capital recently from Western Airlines and Braniff Airlines in a strong bid for more business. Western, operating through Denver to its headquarters in Los Angeles, have been given the right to make passenger stops in Calgary on its daily service.

Previously, its Alberta stops were in Lethbridge and Edmonton.

St. Albert Mom Wins $,3,000 Boat

A farmer's wife and mother of four at St. Albert, Alberta, Mrs. Jeanette C. Martel, became the proud new owner and skipper of a brand new $3,000.00 cabin cruiser over the weekend as a result of a $1.00 contribution to the Comforts Fund for Retarded Children at the Provincial Training School for Exceptional Children at Red Deer, Alberta.

Mrs. Martel was not present at the School's summer meeting at Red Deer when she was declared the new owner. Later informed of her good fortune, she was very excited and stated that this was the first time she, or any member of her family had won anything. She said she had not even seen the boat . . . just a picture of it . . . and, at first, had no idea what she would do with it. Mrs. Martel remarked: "my family is not a boating family . . . and after a family counsel we have decided to sell the boat and put the money toward a new car." Mrs. Martel said her husband made the contribution to the comfort fund, and put it in her name.

One of the first things Mrs. Martel did on learning she owned a $3,000.00 boat was send a telegram to her parents, Mr. and Mrs. Lucien Brunelle of St. Albert, currently vacationing at Chauville on the outskirts of Paris, France.

The 50 horsepower outboard double cabin cruiser was built by the Trainees under supervision at the Provincial Training School at Red Deer. It was a school project designed to show the public that retarded people are capable of carrying out very complex tasks given the encouragement and assistance of supervisors and to raise money for extra comforts and mental research. Over $7,000.00 was raised, and at the meeting the Parent School Organization decided to split the money three ways: set aside a certain amount for research into mental retardation; provide extra comforts such as a wading pool at the school; and improve facilities at the Randall R. MacLean Summer Camp at Gull Lake.

It is expected a similar project will be undertaken by the School Trainees next year. Both the Northern and Southern Chapters of the Parent School Organization will lend assistance in promoting the project throughout the province.

Alberta District News In Brief

NAR Present Ball Gloves For Discovery Broken Rail

An interesting ceremony took place in the Spirit River School Auditorium recently when a number of awards of merit were presented to the recipiant students as follows:

J. G. Rouse, District Superintendent of the Northern Alberta Railways acting on behalf of General Manager J. F. Cooper, presented very nice baseball gloves to Greg Hudson and Douglas Matson (two small boys), who walking down the railway track east of Spirit River, discovered a broken rail.

The boys returned to the station and informed the agent, Mr. Froome, of the observation who went to the place and found their report to be true, who in turn notified the section foreman, and a new rail was installed the night before the No. 1 passenger train arrived at 7:30 a.m. the next morning, thus avoiding what might have been a serious accident.

This very worthy presentation was made before all of the school students as an example of merit for a worthy performance of service in the public interest. Other awards made at the same time were:

Richard Pickering, captain of the school basketball team, received the award of a cup for the champion team of the school, which consisted of Ted Parks, Charles Andruchiw, Mary Hrychan, Pearl Pilsworth and himself.

Others were Sharon Derksen and Diane Hall, who received an award of the crest edition of the three honor students for literary work in the school. Another basketball award of a trophy was made to the basketball team made up of Jerry Bilawchuk, Shirley Fitzsimmons, Margaret Edey and Annabelle Anderson as the outstanding girls team of the Division this year.

Ann Lozenko received a $10 cash award for winning first prize for the poster for the Cancer Clinic Society. She is a 7th grade student and Miss F. Calder is her teacher. The senior volleyball boys won a large framed picture as champions of the School Division. Four hockey players were presented to the Pee Wees, the Bantams and Midgets and the High School classes. All awards were made by the principal, Mr. Sam Wishloff, who commended the winners for their fine performances.

ALERT BOYS were presented with baseball gloves for discovering a broken rail while walking down the railway track east of Spirit River. Shown above are J. G. Rouse, district superintendent of the Northern Alberta Railways, and Greg Hudson and Douglas Matson.

Church Holds Open Air Service, Picnic

HIGH PRAIRIE — A large gathering of members from High Prairie and McLennan met near Wanagami Beach for their annual open air service and United Church picnic Sunday, June 21.

Following the service the picnic tables were laid with all the good things that go to make a picnic successful, and was climaxed with ice cream and popcicles.

The children enjoyed races followed by a peanut scramble.

In spite of fear on the part of the children that rain would spoil the day the weather remained fine and the afternoon was a success in every way.

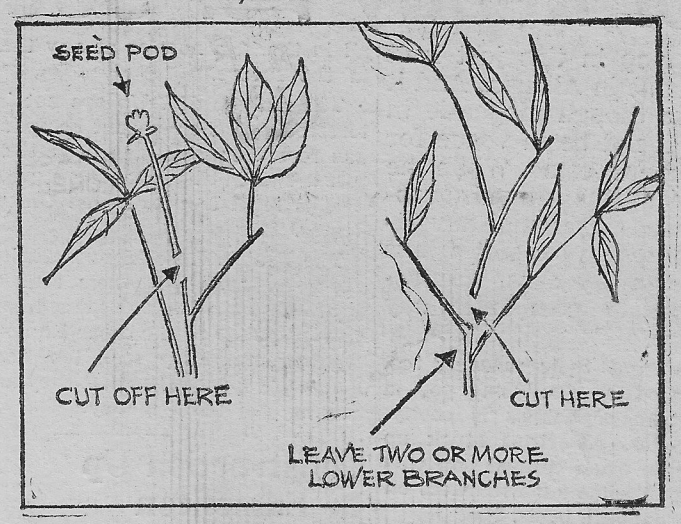
Garden Graph

By DEAN HALLIDAY



PEONIES IMPROVE FROM YEAR TO YEAR

The peony is one of the oldest of garden flowers. They were great favorites in China over 2,000 years ago. Early records indicate that the roots then were used for both food and medicinal purposes. Today few home gardens are without at least one peony plant.

Although peonies bloom only for a compartively short time each year, their foliage is attractive from spring until frosttime. For this reason do not neglect them when they finish flowering.

In order to conserve the energy of peony plants for next year's flowering cut off all seeds. A seed pod and where to cut it off at the end of its stalk are shown in the accompanying Garden-Graph.

It is also good gardening to cut off any late buds which may develop. These late buds are usually false ones.

Conserve peony foliage. It is a mistake to cut back the foliage too severely, for, like asparagus, peonies need their foliage through the summer to build up strength for next year's blooms. If you do cut peony foliage, leave two or more of the lower branches, as illustrated.

In extremely dry weather it is important to water peonies (even after the flowers are gone) to assure uninterrupted root and bud development which will result in fine blooms next year.

Since peonies are plants of permanence, they should have light applications of wooc ashes worked into the soil each year, plus feedings of plant food. If wood ashes are not available use sulphate of potasl or muriate of potash, one handful to each plant. This attention will help to keep them growing luxuriantly year after year.

Ruby Carlson Feted At Shower Parties

HIGH PRAIRIE — The home of Mrs. Harold Nielsen of Enilda was the scene of a pretty wedding shower when about 35 friends gathered to honor Miss Ruby Carlson, bride-to-be. The guests spent an enjoyable evening playing games.

The guest of honor was assisted in opening the many beautiful gifts by Miss Penny Nordine and Miss Carol Nielson.

The hostess served lunch at the end of the evening.

Some 20 guests gathered at the home of Mrs. Roy Cox of Prairie Echo for a bridal shower for bride-elect Miss Ruby Carlson.

The gifts were many and beautiful.

A lunch was served by the hostess at the end of the evening.

SUNSET HOUSE — About 40 guests, friends and neighbors gathered at the home of Mr. and Mrs. D. Muzychyn to help them celebrate their silver wedding anniversary.

Lunch was served at midnight and dancing enjoyed to the wee small hours.

Edmonton Bottlers Agree Public Is Not Ready For Soda Pop In Tin Cans

Soda pop in tins just isn't fashionable in Alberta. And it looks as though gingerale in cans will not be in vogue for some time to come. While the U.S. Steel Corporation is pushing its second annual advertising campaign for soft drinks in throw-away cans, Edmonton bottling companies say "No dice."

They've got their reasons, too. Tins are costly. Producing pop in tins instead of bottles is costly. And besides, Albertans stuck up their noses when canned pop was tried out in some supermarkets on an experimental basis.

Edmonton soft drink bottlers tried to introduce the product in Safeway stores, for example, but the public didn't respond at all.

The makers of Canada Dry said that as far as they were concerned they had no immediate plans for placing their products in tins. It had been tried as an experiment but met with cold response from the public. The public want to see what they are buying and besides the cost of the tins and the production as well as the consumer acceptance were all stacked against any such ideas for now.

The Coca Cola Company of Canada are definitely not interested at all in the idea now or at any time in the future.

The makers of 7-Up are not interested and their parent company has forbidden any idea of putting soft drinks in tins following a great deal of legal trouble in the United States.

The Prairie Rose Manufacturing Company have put their seal of approval upon the "no tinned soft drinks" policy of the other Edmonton bottlers. They feel, too, that the people like to see what they are getting for their money.

Construction Up In Edmonton

The Edmonton Builders' Exchange has estimated the city's current construction program should equal or exceed the record total of $72,500,000 in 1958.

The city's total building permits during the first five months of this year totalled $25,423,000, compared with $27,84,000 for the same period last year. The decline of 8.7 per cent, the exchange said, was due mainly to a drop in residental building.

The permits taken out this year for commercial and institutional buildings, however, rose to $9,-557,000, compared with $7,241,000 in 1958.

Newspapers Allowed In Manitoba Prisons

Manitoba's weekly and daily newspapers have enlarged their captive audience.

For years they've circulated freely among inmates of the federal penitentiary at Stony Mountain.

Now the provincial government has unbent and agreed to allow inmates of Headingley, Brandon, Dauphin and Portage la Prairie (a women's jail) to subscribe to the daily or weekly of their choice.

It is the first time newspapers have been allowed inside Manitoba's provincial jails for reading by inmates.

More than 99 per cent. of the air at sea level is composed of nitrogen and oxygen.

Form Good Govt. Committee Here

A group of citizens, known as the Good Government Committee, has been meeting regularly during the past month, discussing Civic affairs.

This group has formed a provisional executive to call on all citizens to join the Good Government Committee.

The aim of the Good Government Committee is to demand and insist on good honest administration by our elected and appointed officials, also to select and assist in the election of an honest and capable slate of candidates including a candidate for mayor in the October Civic election.

Election of an executive of the good government committee will be held in the near future, and a suitable headquarters will be established in the center of the city for the convenience of the voters, said Mrs. Frances McKee, provisional secretary of the Good Government Committee.
